

Grey Blending

Every grey blending journey is unique, depending on your starting point. Our goal is to gently remove artificial colour and seamlessly mimic your natural tones.

✦ For clients with dark, all-over colour, the first step is often a global lightening session.

✦ Next, we use micro foils to recreate the natural salt-and-pepper effect, followed by an ash toner to enhance grey tones.

Achieving your desired look may take multiple sessions, but the result is a beautifully blended, low-maintenance transition. Let's create a plan tailored just for you!

Pricing & Session Options

The cost of your grey blending transformation depends on your starting point and the services needed to achieve your goal. We offer three transformation session options, each including:

- ✓ All required lightening & colouring services
- ✓ Plex protective treatment for hair health
- ✓ Styling within the allotted time frame

✨ FOUR-HOUR SESSION – From \$440

Ideal for a single colour removal, global lightening, or a half-head of foils (roots to ends).

✨ SIX-HOUR SESSION – From \$660

Perfect for a full head of foils with a roots-to-ends application.

✨ EIGHT-HOUR SESSION – From \$880

Designed for a double lightening application to help you reach your goal sooner.

Pricing is based on short to medium-length hair with average density. Additional time & product may be required for long or thick hair.

Maintaining Your Grey Blend

Once we've removed most of the artificial colour buildup and created a consistent colour pattern, we move into the maintenance phase. While this varies for each person, a typical routine includes:

- ✨ Tone & Trim – Every 6 to 8 weeks, depending on your style.
- ✨ Full or Half Head of Micro Foils, Tone & Trim – Every 3 to 6 months for a seamless blend.

At-home care is just as important! To keep your hair looking its best, you'll need:

- ✓ A toning shampoo to maintain colour
- ✓ A nourishing treatment to support hair health

We'll discuss the best products for your hair during your consultation.

Ready to start your grey blending journey? Call our friendly team to book your appointment—we can't wait to meet you!
